- Kraftform Comfort screwdriver for cross-recess screws, Phillips
- Multi-component Kraftform handle for fast and ergonomic screwdriving
- Handle markings simplify finding and sorting of tools
- Hexagonal anti-roll feature against rolling away
- The Wera Black Point tip offers an exact fit and optimum corrosion protection

High quality Kraftform Comfort screwdriver with circular blade for cross-recess screws. Multi-component Kraftform handle for fast and low-fatigue working. The Wera Black Point tip and a complex hardening process ensure a long service life of the tip, enhanced corrosion protection and an exact fit. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace. Handle markings for simplified finding and sorting of the tool.

Kraftform Comfort

Kraftform Comfort Handle

The ergonomic introduction to convenient screwdriving. Handle with Kraftform geometry and blade made from power bit material with Black Point tip for precise fit.

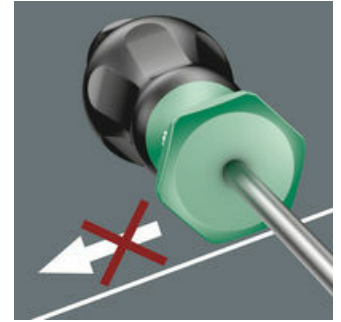

The multi-component Kraftform handle for quick and low-fatigue working.

Identification marking

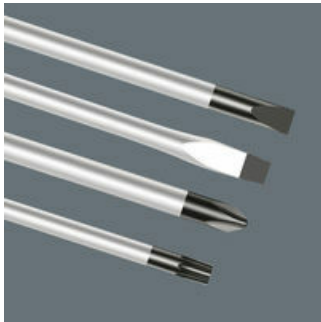

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case, or at the workplace.

Non-roll feature

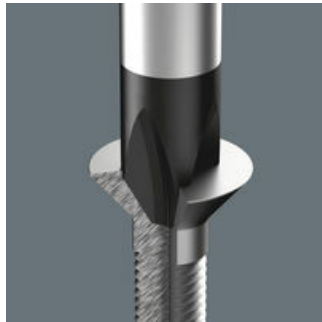

The hexagonal non-roll feature prevents any rolling away at the workplace.

Longer product service life

The bit material used for manufacturing is subjected to a specific Wera hardening process, and this ensures longer product service life.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.
