Textile Pouches and Boxes for Screwdrivers, empty

Robust, light, rigid

The material used stands out with its high level of robustness. At the same time, the textile box is light and rigid. Even if the textile box falls down, the tools are well protected.

Robust loops for secure hold

The robust loops made of broad rubber band hold the tool safe and tight.

Flexible due to hook and loop fastener strips

The textile box features a fleece zone at the back. Using the provided self-adhesive hook and loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.
